### **Petition to Substitute Examiner**

Dear Andy ,

After countless effort not able to make things working, we decided to make petition to switch examiner for our time critical application # 10-707-714. Because:

- a. The examiner Mr. Senfi has expressed no more want to do the work for our case. He is too busy for other work.
- b. The examiner has difficulty to carry on the examination work for our application in half year , despite our application was in special status since early February 2005.
- c. The examiner and customer both agree to dismiss and switch to other examiner to take care the work.
- d. To avoid personal preference toward examination work, and keep the quality, a non-preference examiner is expected.

Thanks for your care ,

Inventors from application # 10-707-714 :

Raymond Spykerman, Romeo Linn
